CORE COMPETENCIES

528 Professional Services (WOSB) specializes in sourcing, supplying, and distributing high-quality components, materials, and equipment that support mission-critical operations across the federal, defense, and industrial sectors. We partner with trusted U.S. manufacturers to ensure compliance, reliability, and on-time delivery for every procurement. Our team excels at managing complex supply chains, providing tailored solutions that meet the unique technical and logistical needs of government agencies and prime contractors.

Core Capabilities:

Manufacturing & Supply Chain Solutions

- We provide procurement and distribution of precision electronic, electrical, industrial, and medical components — including specialized aircraft, metal, wiring, and surgical products for defense, infrastructure, and healthcare projects.

Technical & Operational Support

- Vendor coordination, inventory, and logistics management
- Quality assurance and compliance with FAR/DFARS standards

NAICS:

334417 Electronic Connector Manufacturing

339113 Surgical Appliance and Supplies Manufacturing

332999 All Other Miscellaneous Fabricated Metal Product Manufacturing

334220 Radio and Television Broadcasting and Wireless Communications Equipment Manufacturing

333914 Measuring, Dispensing, and Other Pumping Equipment Manufacturing

335931 Current-Carrying Wiring Device Manufacturing

336360 Motor Vehicle Seating and Interior Trim Manufacturing

336413 Other Aircraft Parts and Auxiliary Equipment Manufacturing

What sets 528 apart from the competition?

- WOSB Certified: Responsive, dependable, and compliant small business partner
- Trusted Partnerships: Collaborating with leading U.S. manufacturers for consistent quality
- Reliability & Integrity: On-time, on-budget, and in full compliance
- Mission-Focused: Supporting federal and government operations with precision and accountability
- End-to-End Solutions: Simplifying procurement so you can focus on your goals

*Reliable procurement. Skilled people.
Ready to deliver.*
